
Permission to take photographs and display work

Dear

As you are aware I have my own web site, which I use in conjunction with my Registered Childminding business.

My web site gives me the opportunity to display, on-line, pictures of the children and their work we produce.

This enables a child to see their work 'on the web' and for it to be shared with other friends & relatives.

However, I will NOT display your child's work or image if you feel it inappropriate. Therefore I would like you to indicate below your preference.

Please delete as appropriate:-

I am happy / not happy for my child's work to be displayed on your childminding website
